### **ARC Training is responsible for the quality of training and assessment delivery.**

The Australian Skills Quality Authority (ASQA) is the national regulator for Australia's vocational education and training sector. a Language, Literacy and Numeracy (LLND) assessment either through an online method or a paper-based document. It is a diagnostic tool to assist ARC Training to identify a student's level of LLND skills.

The LLND assessment results are used by our staff members to identify LLND skills or to determine educational and support services that students may require to successfully participate in training and assessment.

We encourage students to provide information during the pre-enrolment stage to ARC Training representative regarding any disabilities, difficulties, or circumstances which they are aware of that could impact their participation in training, assessments and if applicable completing work placement.

There are additional questions on the enrolment form to ensure that the student can disclose any issues with LLND or any other special needs that would impact on their training and assessment.

When our delivery team identifies that a student has LLND issues or special needs, ARC Training will discuss with the student the kind of support ARC Training can provide and if required, will refer the student to a suitable provider where costs may be incurred on the student's behalf. All discussions concerning LLND and/or special needs assistance between ARC Training and the student are strictly confidential.

## Training Delivery

ARC Training provides face-to-face training or in a virtual environment, Digi-class. This information has been provided to the students during the pre-enrolment stage. ARC Training will organise training facilities within various locations., ARC Training will ensure that locations are chosen with the student's benefit, comfort, and safety in mind.

## Mode of Delivery

### Classroom

ARC Training's classroom mode of delivery is where the student receives face-to-face training delivered at an ARC Training head office, a suitable hired venue or workplace.

Most public courses are delivered over two days per week face-to-face, total weeks of training may vary depending on the qualification and student cohort.

### **Digital Classrooms**

Our digital classroom mode of delivery is a flexible online option for students to access training but still get the experience of having regular training sessions with one of our qualified trainers. All learning material, assessments and any supplementary resources are available for use, by accessing the Learning Management System (LMS), Canvas. In Canvas, the student will also have access to their course schedule which includes the dates and times of the scheduled training sessions with the trainer, which is delivered using Zoom, a web conferencing system.

ARC Training's digital classroom model is not an ordinary online learning mode of delivery. With regular training sessions, students and trainers can interact with each other, share experiences, participate in discussions, and ask questions just like you would in a classroom environment.

Students who are enrolled in the digital classroom mode of delivery are sent a course invitation prior to their course commencement. Program Coordinators will assist students to complete the setup of their user account including passwords.

For security reasons it is strongly recommended that the student does not share their user account details with anyone. For any technical difficulties encountered with the Canvas, please send all requests to [support@arcgroup.com.au](mailto:support@arcgroup.com.au).

Digital sessions may be recorded and made available to students. Our digital classroom is a virtual learning community, which means the student can send messages to their trainer and other students in the class. For students to complete their course using the digital classroom model, they must have the following:

- A valid email address
- A computer or laptop less than 5 years old and have a camera and speaker for video and audio.
- A reliable internet connection
- A reliable web browser such as Google Chrome, Safari, Firefox, etc.
- Additional software such as Microsoft office for documentation activity.

Assessment is completed by students on Canvas and can be completed in a variety of formats including quizzes, projects, case study, etc. Students will be required to upload documents and media/video for the trainer to observe the student completing an activity or role play.

### **Digital Classrooms Etiquette**

- Ensure your camera and microphone are working and switched-on during class.
- Wear appropriate, non-offensive clothing during classes.
- Inform your Trainer if you are going to be away from your computer.
- Ensure your mobile phone is on silent mode, and don't use your phone during class.
- Ensure your full name is attached to your zoom account.
- To protect the confidentiality and privacy of the Digi-class participants, ensure that no other party in your location is attending the session, unless you have organised with your Trainer that relevant person such as work supervisor will attend and observe the Digi-class.

- For the privacy and confidentiality of your family members, it is highly recommended to ensure that your video background is blurred to respect the privacy and confidentiality of your family members.

### **Self-Directed**

Students will commit to a minimum 10 hours per week of self-directed learning, which may include but not limited to reading the learner guide, watching video clips, writing reflective answers to practice questions and conducting research. It is noted that some students have existing skills and knowledge and may not require the full 10 hours per week of self-directed learning. In addition, we recommend students commit 5 hours per unit of competency for assessment preparation and completion.

### **Attendance**

Students are required to attend each class or workshop provided by ARC Training or access the video conferencing through our Digital Classroom. For each class, the trainer will have an attendance form. This form is used to record student attendance and is also used to show student participation in training for each unit of competency.

The class attendance will be monitored by the Program Coordinators. Regular class attendance and participation in activities is required to get the most out of the course, including time to practice practical skills and opportunities to ask the trainer questions and discuss ideas with other students.

ARC Training may cancel student's enrolment if student has not shown any course progression after all avenues of intervention has been exhausted.

If the student is unable to attend any class, they must contact the Program Coordinator as soon as possible on 1300 793 146.

### **Assessment**

ARC Training provide students assessment resources for each unit of competency. Assessment methods will be a combination of multiple-choice questions, short answer questions, projects, case studies, reports, and role-plays or demonstrations in a simulated work environment, classroom or virtual settings (if applicable or possible) and workplace.

Assessment preparation may include, but not limited to, attempting online theory assessments or providing their response to the hard copy version, researching projects, writing drafts for their role plays and writing reports. Students must provide required responses, it must be clear and detailed for each question, case study, scenario, or project. Each completed assessment workbook needs to be submitted to the trainer and assessor.

If the student has missed questions or responses are found to be inadequate, it will be returned to the student to address the incomplete/insufficient response. If the student has any difficulties with questions or needs clarification, they are to ask their trainer and assessor during class sessions or contact the Program Coordinator via email or call 1300 793 146.

When completing your workbook, you will be asked the following:

- Explain: Provide how and / or why, relate cause and effect in your answer, a minimum of two sentences.
- List: Provide your answer in dot points format
- Outline: Provide characteristics and features in your answer

- Provide example or examples: Provide example(s) relevant to the question, if it's practical question, provide example(s) in the workplace. Ensure that you have provided the exact number of examples.

The student will be given written and/or verbal feedback from the trainer and assessor on the completed assessment tasks, as well as the opportunity to discuss the feedback provided.

**Students must always keep a copy of their submitted assessments.** A result of 'Satisfactory' or 'S' on the assessment means that the student has provided adequate responses for each assessment task to the required level. A result of 'Not yet satisfactory' or 'NYS' means the student will need to provide more information on the tasks or provide further evidence or confirmation of their knowledge and skills. A result of 'Competent' or 'C' means the student has attained a satisfactory result for each of the assessment tasks designed to satisfy a Unit of Competency.

Students must receive a 'Competent' outcome for all Units of Competency that make up their chosen course to be awarded the full qualification. If they are unable to complete the full qualification, ARC Training will issue the student with a Statement of Attainment for the units of competency that have been determined as Competent.

If you are completing a qualification that requires work placement, please remember that your certificate or statement of attainment may not be issued if you have not completed all assessments including work placement assessments.

From time to time, as a result of validation of completed assessments, some responses that you have provided in the assessment task or question is inadequate thus, you might be asked to provide sufficient response. Please cooperate to ensure that you are awarded your qualification in a timely manner.

### **Digital classroom**

As a student attempting an assessment in an online environment, you will be able to preview the assessment before attempting the assessment, e.g., quiz or short answers.

Once the class is finished, all assessments or assessment resubmission must be submitted to Canvas.

**Please do not send copies of your assessment to your Trainer's personal home address.**

### **Re-submission**

If the student's assessment responses are found to have not met the assessment task requirements, they will be provided with feedback from the trainer and assessor. The completed assessments will be returned to the student and will have instruction on what needs to be addressed and if additional evidence is required.

Students will be given up to two weeks to resubmit their assessment to their trainer and assessor during the duration of the class. If it takes longer than two weeks, students are to maintain regular contact with and provide updates with their trainer and assessor.

Students have up to three (3) Submissions attempts, comprising the first attempt plus two re-submissions. The three attempts must be organized within the course timetable.

Students are required to re-submit the assessment with the necessary corrections and/or additional evidence provided to successfully achieve a satisfactory result or competent outcome.

## Assessment Appeals

If students are unhappy or disagree with an assessment decision, they are to speak with their trainer and assessor to request a review. If the matter remains unresolved, students are to contact their Program Coordinator on 1300 793 146. If the response to the student's initial concerns were not addressed in a satisfactory manner, the student can follow the ARC Training [Complaints and Appeals Policy and Procedure](#).

All discussions concerning Assessment Appeals are strictly confidential.

## If Deemed Not Yet Competent

If the student is deemed Not Yet Competent after the three (3) attempts, they must contact their Program Coordinator to discuss their options.

These options may include:

- Lodge an appeal of the assessment decision.
- Review study options and discuss with the Trainer and Program Coordinator.
- Repeat the Unit of Competency

## Work Placement

ARC Training has identified several qualifications which require mandatory work placement as a component of the qualification. ARC Training will organise the student's work placement arrangement in the first instance.

Work placement is unpaid work, so it is important for the student to be prepared prior to attending the workplace. ARC Training will discuss with students what is considered appropriate clothing to wear at the placement provider.

ARC Training has a Work Placement Team member who will be able to source and organise work placement. It is important to note that whilst every effort is made to place the student at a local workplace, this is not always possible, and the student may be asked to travel to another location.

ARC Training will support students who want to locate their own work placement. Evidence of participation and completing shifts must be recorded in the Work Placement Workbook to show evidence that the student has completed the required number of hours within the workplace.

Students must complete the work placement requirements of the training package prior to ARC Training issuing the qualification or Statement of Attainment. All qualification that has work placement or work experience requirements must be completed **within three months** after the theoretical component has been completed.

Work placement in CHC qualification is organised as a full-time block of four weeks in the first instance. Students requiring different schedule to the ones being offered must discuss their concern as soon as possible with their Program Coordinator or Work Placement Coordinator.

Students must be prepared to obtain suitable clothing and shoes and be able to travel to the work placement venue. ARC Training will provide each student with two (2) ARC Training Student shirts before they start placement.

The following qualifications have mandatory work placement for students:

- CHC33021 Certificate III in Individual Support – required to complete 120 hours of work placement.
- CHC43015 Certificate IV in Ageing Support – required to complete 120 hours of work placement.

- CHC43121 Certificate IV in Disability Support – required to complete 120 hours of work placement.
- CHC43415 Certificate IV in Leisure and Health – required to complete 120 hours of work placement.

- Be visited by Trainer/Assessors to conduct observations and assessments whilst you are carrying out tasks that require application of skills and knowledge.
- Prior to the last visit of your Trainer, you must complete your workbook and get it signed by relevant supervisors, your Trainer will collect the workbook from you.
- **There might be an instance where you are unable to get your workbook completed within three or four weeks of work placement. You can send completed work placement workbook to ARC Training and not your trainer/assessor. Please make sure you keep a copy of the work placement book and send it by registered post at your own cost. Please keep the ticket or stub of the registered post for tracking purposes.**

## Work Experience

ARC Training has identified the value of offering voluntary work experience for qualifications that have no mandatory work placement, to provide students with real-life work experience where they can build on the knowledge and skills developed during the course, gain experience, and build their confidence prior to working in the industry.

ARC Training may provide the student with up to one (1) week of voluntary work experience at the completion of their course.

Whilst on work experience students are expected to:

- Attend the workplace induction and get to know who you will be working with and your workplace supervisor.
- Complete each day of the scheduled work experience.
- Be punctual and always arrive at least 10 minutes before your scheduled shift.
- Be professionally presented and ensure appearance and behaviour are in keeping with the standards of the workplace.
- Notify the appropriate people when you are not able to attend (please see section under illness/absence).
- Perform work tasks and duties to the best of your ability.
- Ask questions and seek clarification from supervisors.
- Report any hazard or unsafe practices seen under the host organisations WHS guidelines.
- Always bring your work experience logbook to work experience shifts. Keep and maintain the work experience logbook.
- Treat confidential material as private; maintain staff, client and peer privacy and confidentiality.
- Work in accordance with Workplace Health and Safety, Equal Opportunity, and other relevant legislative and regulatory guidelines.

### Existing Worker/ Student in CHC Qualifications

If you are currently working and studying at the same time, ARC Training and your organisation has jointly developed a service level agreement (SLA), the SLA articulates the following agreement:

- If the student cannot be visited by ARC Training Trainer/Assessor to conduct workplace observation and assessment due to confidentiality and privacy issues, the workplace that has employed the student, agrees to nominate a supervisor that will observe the student conducting the task and complete a third-party report (TPR) and the student agrees to participate the competency-based discussion (CBD) with ARC Training Assessor.
- Employer to provide access to a number of clients as per the training package requirements.
- All the required documentation such as letter from employer, pay slip, job descriptions must be provided to ARC Training.
- Required workplace hours can be supported by the student's actual hours worked in their employment, provided their role in the organisation is in line with the qualification requirements. For example, students who are enrolled in CHC33021 Certificate III in Individual Support must be working as a Support Care Worker and providing direct care to clients. If they are not currently working as support care worker, the employers and the student will be provided instructions when to attend the required practical demonstration activities, etc.

### Course Progression

Students are responsible for their learning, course progress and assessments. We encourage students to attend and actively participate in each class, ask questions, and discuss the aspects of the course with their trainer and assessor. Students must read the learning material and utilize the study guides during the structured self-directed element of a course. This will provide many benefits and provide opportunities for students to obtain, reflect, absorb and practice knowledge skills learnt in class.

Course progression will be monitored by the Program Coordinators and intervention may take place if there is insufficient progression. If students are struggling to complete and submit assessments on time, we urge you to contact ARC Training.

All students must endeavor to complete their course within the agreed time frame.

Students must also remember that qualifications within the training package may be subject to change, and therefore must understand that they will be transitioned to an updated qualification which may require additional units of competency or workplace training and assessment requirements.

### Transitioning from superseded to new qualifications.

From time to time when Training Packages are revised and replaced, qualifications become superseded or replaced by new and updated qualifications. When this occurs, ARC Training will research the changes and aim to have the new qualification added to its scope of registration.

An ARC Training representative will communicate or discuss with affected students the options available as they will either need to complete the superseded qualification by the 'teach out' date or transition to the new qualification.

If applicable, once ARC Training application to add the new qualification has been approved, you will be notified, and your consent is sought to be transferred to the new qualification.

### Training and Employment Survey and ASQA survey

On completion or discontinuation of a course, students will be sent and are required to complete a brief Training and Employment Survey and Student Outcomes survey.

The information is given to the relevant regulators and the National Centre for Vocational Education Research (NCVER) for statistical purposes.

Students will also be required to complete the learner's survey from ASQA, our national regulator. RTOs are required to provide an annual summary report of their performance against learner engagement. The survey aims to better understand learner **"perception of the quality of their training and assessment and the support they receive from the RTO"**<sup>1</sup>

### Issuance of Certificates and Statement of Attainment

It is a great achievement when a student has completed a course. ARC Training will conduct a check of all submitted assessments marked by the trainer and assessor, and if applicable, evidence of work placement and if the student has been found competent for each unit of competency.

The Digital Certificates/Statement of Attainment will be issued on or before the 30 calendar days after the student has been assessed as meeting the requirements of the training package, completion of other administrative checks and has paid all monetary dues such as tuition fees. Please note that hard copy certificates and statement of attainment are still an option, but you may have to pay some fees.

Please note student's USI is required for the certificates or statement of attainment to be issued.

If a student misplaces hard copy certificate, please contact ARC Training to request a replacement certificate, please note this request may incur a cost on your end. Please refer to our fee schedule, (please read our Fees, Fee Protection and refund policy on the website). ARC Training will attempt to re-issue certificate within 10 business days.

- Under the ACT Government, students who have successfully completed their training may be eligible for the completion payment under the following conditions:
  - Your Registered Training Organisation must report your qualification completion to Skills Canberra, including all your completed units of competency.
  - You must not have completed 50% or more of your qualification through recognition of prior learning or credit transfer.
  - You must complete and return a student completion survey.

The amount of the completion payment will vary according to the type of course. To qualify for the completion payment, the training provider must, for each Participant who completes a course, change the training account status to Qualifications issued for qualification and micro-credentials obtained by Participant. For further information, discuss with ARC Training staff.

### **Deferral Policy**

At ARC Training, we understand that student's may encounter unexpected and unavoidable situations that will make it challenging for them to commit to attend sessions and progress in their course. In these situations, students may apply for a deferral from their course which, for a set period of time, will lift their attendance and progression requirements.

Reasons for a deferral may include:

- Bereavement of close family members
- Traumatic experience i.e. involvement in or witness of a serious crime or accident
- Being a victim of domestic violence

- Serious illness or injury – a medical certificate may be requested
- Caring for sick family members
- Other reasons maybe considered, including pregnancy, temporary increase of workload, or adjusting to new roles.

Please be advised that eligibility for a deferral will also be assessed based on the criteria set by the applicable funding body as well as type of training contract has, e.g. traineeship.

## Credit Transfer Policy

ARC Training informs all students of the availability of a credit transfer for any equivalent unit of competency gained from previous studies. The student will be required to complete ARC Training Credit Transfer application form which provides details of the credit sought and complete a consent form for ARC Training to verify with the RTO who issued the certificate or via the students Unique Student Identifier (USI) record.

**If the student has completed their qualification or units of competency with ARC Training, any credit transfer eligibility will be applied if relevant, e.g., vocational outcomes. Student will not be required to complete a credit transfer form.**

The decision on the credit transfer will be made and formally communicated to the student within 30 calendar days of application. Students have the right to appeal the decision and may appeal under the ARC Training Complaints and Appeals Policy and Procedure.

## Procedure

1. If it is known in the first instance of engagement (phone or email) that the student seeks a Credit transfer, the Sales Team will advise the student to bring original certificates and statements of attainment for any previous full qualifications or part qualification attained to the enrolment or induction session or send copies of the certificate or statement of attainment via email for students enrolled in Digi-class environment.
2. Students are required to complete the enrolment form which identifies if they want to apply for a credit transfer. Once the student seeks a credit transfer, the student will be asked to complete the Credit Transfer form. The Sales Team representative will make copies of the evidence provided and attach it to the student's Credit Transfer application form.
3. The completed enrolment and Credit Transfer application form along with the required documentation will be forwarded to the Enrolment Officers for processing and approval.
4. The Enrolments Officer will check the validity of the evidence provided by either calling the RTO that has issued the certificate (pre-USI implementation) or use the student's USI (with student's consent) to verify the issued qualification or statement of attainment. Copy of the USI verification for units of competency that is subject to credit transfer application must be downloaded and copied in the student records.
5. Senior Training Administrator will approve all eligible Credit Transfers, in line with the relevant endorsed training package and the enrolled course outline. If required, the Compliance Team may be sought for advice and confirmation.
6. If the Credit Transfer is approved and the unit listed is not part of the student's original training plan with ARC, the Enrolment Officer is required to review the Training Package rules for the qualification for its suitability in consultation with the Training Delivery Team and the student.
7. The Enrolment Officer will calculate the tuition fee amount that the student has to pay after the Credit Transfer has been applied.
8. The Enrolment Officer will update the student's file in the Student Management System. The student is advised either:

- a. Credit Transfer has been granted and total tuition fees to be paid; or
- b. Credit Transfer has not been granted and full details about the decision are provided.

If a student disagrees with the Credit Transfer decision, they are encouraged to lodge an Appeal within 7 calendar days. The ARC Training Complaints and Appeals Policy and Procedure and the Complaints and Appeals form is available on the ARC Training website.

Note: for Recognition of Prior Learning (RPL), please refer to our RPL Policy and Procedures located at <https://arctraining.edu.au/>

### Cancellation Policy

At ARC Training, we treat student's enrolment seriously. We support our student's journey with ARC Training. However, in some instances, a student's enrolment maybe cancelled due to the following reason:

- Breach of student conduct.
- Poor or non-attendance despite numerous discussions or intervention meetings.

A breach of student conduct during class, or work placement/experience, and examples are listed below. Please note that the list is not exhaustive in any way:

- Continued disruptive behaviour in class
- Assault
- Theft
- Carrying or possession of unlawful weapons
- Vandalism of ARC Training property or another student's property
- Indecent and offensive behavior in class or towards ARC Training Staff
- Intimidation, harassment and/or bullying.
- Continued behavior of submitting plagiarised response to assessments
- Defamation of ARC Training in public or online platform

In the event any of the above circumstances occur, ARC Training will initiate a meeting with the student and an investigation will occur as per our policy and procedures to determine if the student:

- Is permitted to continue with the course, and no further action is required. The Program Coordinator will monitor the progress and attendance of the student for thirty (30) calendar days from the date of the student interview.
- Is not permitted to continue, the Senior Program Coordinator or Program Coordinator will inform the student either in person, or via phone call and in addition send written notification of cancelling their enrolment due to the seriousness of the breach of Student code of conduct.

The student has seven (7) days from the date of receiving written notification to appeal the decision to cancel their enrolment to the Quality Assurance Manager. If the student appeals, they will need to follow the complaints and appeal process.

- If a formal appeal has been lodged by the student, the student's cancellation cannot take effect until the internal process is completed. At this point, this process will be taken over by the Complaints and appeal process.
- If no appeal has been lodged after seven (7) days, the Senior Program Coordinator or Program Coordinator will notify the Senior Training and /or Training Administrator to cancel the student's enrolment.

- Administration Team will cancel the student enrolment in student management system.

Another reason for cancelling a student's enrolment is when the student ceases contact, e.g., poor or non-attendance despite intervention or discussion with an ARC Training Representative. The following will occur:

1. The Trainer will contact student to discuss poor attendance in the first instance, if poor attendance persists, the Trainer will inform the Program Coordinator to implement intervention measures.
2. The Program Coordinator will contact the student and discuss course progress. The details of the discussion will be recorded in the student file (Student Management System).
3. The Program Coordinator will recommend cancelling the student enrolment if the student has ceased any contact despite numerous calls or emails sent by the Program Coordinator. As a rule, the Program Coordinator has sent a minimum of 3 emails, or text messages or phone calls or combinations of email, text message or phone calls within the term and if the communication sent remain unreciprocated after 7 days, it will be the determining factor to recommend cancellation of student enrolment.
4. The Program Coordinator to check Student Management System record to confirm all intervention measures have taken place prior to recommending cancellation of student.

### What is an ARC Digital Classroom?

An ARC digital classroom is where Students and trainers engage with each other using a virtual classroom. Students also can work through course content and assessments in their own time.

### How do Digital Classrooms work?

Digital Classrooms work by bringing students and trainers together. Students meet using a virtual classroom by Zoom, our web-conferencing software.

The trainer will have a session plan for each meeting, going over course content, quizzes, and assessments, whilst also opening the opportunity for Students to raise any questions or concerns they may have with their trainer.

### What will I need to use a Digital Classroom?

## CHC Work Placement – Fact Sheet

### WHY?

Part of completing your qualification involves undertaking a required 120 hours minimum of work placement in a health or community care facility. This is a fantastic opportunity for you to gain hands on practical experience and show the facilities how good your knowledge, skills and attitude are! Please note that you must **undertake your work placement** within three months of completing the theoretical component of the course.

Placements will occur at the end of the course for a four-week full time block. The placement depends on completion of your classroom studies, theory and practical simulations. Lunch breaks do not count towards your 120 hours and as per fair work regulations you will be required to take breaks that aligns to hours worked.

### HOW DOES IT WORK?

If you decline the placement or do not attend, you may have to source your own placement unless there are extenuating circumstances. We have strong relationships with organizations and work with them to provide you a safe and valuable learning experience when on placement. ARC Training is here to support your learning and if any issues arise, work placement can take place later, provided this is within the enrolment period.

### WHERE?

Due to the highly competitive nature of securing aged care placements, you may be required to travel up to one hour or more depending on your location and availability to reach the health care facility to complete work placement.
